Benefit from sustainability

Greater levels of productivity

Lower wait times: High processor speeds and increased memory up to 2GB - users enjoy lower wait times for complex print, scan, and fax jobs.

Efficient scanning: With Dual Scan and Continuous Scan functionality as standard, users can scan large documents in one go, up to 990 sheets.

Enhanced adaptability: Precision enhancements, such as multiple cropping options and text clarifying functionality, allow users to get the job done right first time.

Easy-to-manage fax: The fax preview feature and dedicated fax-only tray mean users can manage faxes in an e˝cient and sustainable manner.

Technology built to last: Long-lasting components ensure the durability and reliability of devices.

Go paperless with HyPAS™ and other software

Wide range of customization options: The MA4000wifx is compatible with HyPAS™, a Kyocera-developed software platform that expands your MFP's core capabilities with powerful customizations.

Workflow integration: With HyPAS™, paper documents are cost-e˜ectively routed into an e˝cient digital workflow.

Connect to the Cloud: The MA4000wfx and MA4000x connect with Kyocera Cloud Access Utility. Cloud and HyPAS™-compatibility mean digital workflows can span remote work locations.

Application compatability: Compatible with mobile Kyocera Apps: Mobile Print, MyPanel, and Kyocera Print Center. Android users can connect with Kyocera Print Service Plugin.

Effortless device setup

Wireless capability: 2.4GHz / 5GHz wireless capability so devices integrate seamlessly into the existing o˝ce technology environment.

Tools to get the job done: The Kyocera Printer Setup Tool configures connectivity across all your devices.

Focus on your high-priority tasks: With ECOSYS, you can work more efficiently so you have more time to live your life.

Benefit from sustainability

Reliability you can count on: ECOSYS-based technology provides reliable imaging solutions with durable long-life components, economical running costs, and less waste during their lifetime.

Lower service requirements: Device durability means fewer technicians on the roads, decreasing carbon emissions.

Reduce power usage: The fuser technology used in this line provides power saving benefits, reducing environmental impact.

Recycle toner: ECO footPRINT™ Program for recycling genuine Kyocera toner cartridges.

More benefits of our ECOSYS technology
